AUTOBIOGRAPHICAL STATEMENT

Please write an autobiography including: why you wish to further your education, reasons for your choice of profession, and any qualifications you have for your chosen field. Why is it important for you to receive this scholarship? Include what you will do to obtain your goal(s) if you are not the recipient of a scholarship. This statement should be 1-4 typed pages, double spaced (word processing acceptable). Please print your autobiographical statement and attach it to this application.

I understand that any scholarship or award that might be offered to me is contingent on my successful high school graduation. I understand that groups and organizations granting scholarships or awards expect that my academic standing, community citizenship, and school behavior will remain at a level consistent with or better than my performance thus far in my high school career. I hereby agree that I will report (in a timely manner) any significant change in my academic standing, community citizenship, or school behavior to any groups or organizations to whom I have applied for scholarships or awards. Further, I understand that any group or organization may withdraw their offer of a scholarship or award due to a change in academic standing, community citizenship, or school behavior.

If I am granted a scholarship, I do understand that I am under obligation to attend college, trade or business school. Failure to attend will result in forfeiture of the award. I further understand the award will be made upon verification of enrollment by submitting **proof of registration** to the awarding organization. First (1st) and second (2nd) semester if required.
